NATURE'S SUNSHINE

Flow

YOUR DAILY ENERGY RITUAL

Discover the power of synergy between Power Beets and Solstic Energy

POWER BEETS + SOLSTIC ENERGY

Two products. One simple ritual. FLOW.

Flow
YOUR DAILY ENERGY RITUAL

Discover the power of synergy between Power Beets and Solstic Energy

FLOW is a simple ritual that brings together two Nature's Sunshine products – Power Beets and Solstic Energy. Simply mix the contents of both sachets with water and enjoy a refreshing drink with a unique taste.

This combination was created for people with active lifestyles who want to consciously support their bodies every day.

TWO PRODUCTS. ONE RITUAL.

The Solstic Energy formula combines B vitamins and vitamin C with plant-based ingredients such as guarana, green tea and yerba mate.
The convenient sachet format makes it easy to prepare your drink wherever you need it — at work, while travelling or before an active day.

Power Beets combines beetroot concentrate with a blend of plant-based ingredients, vitamins and minerals. The beetroots used in the formula come from the Qinghai Plateau in Tibet, where they are grown in challenging climatic conditions.
The formula is complemented by the patented S7™ blend, consisting of seven plant-based ingredients, including green coffee, green tea, turmeric, blueberry, broccoli, cherry and kale.

DAILY FLOW RITUAL

Pour 900 ml of water into your FLOW bottle.

Add 1 sachet of Solstic Energy.

Add 1 sachet of Power Beets.

Mix.Shake. FLOW.

B vitamins and vitamin C:

- contribute to normal energy-yielding metabolism,
- help reduce tiredness and fatigue,
- contribute to the normal functioning of the nervous system,
- contribute to normal psychological function.

This makes FLOW a perfect fit for an active, everyday lifestyle.

NITRIC OXIDE

A Nobel Prize-winning discovery

Beetroot is a natural source of nitrates, which have long been the subject of scientific research in the fields of exercise physiology and physical activity.
In 1998, Robert F. Furchgott, Louis J. Ignarro and Ferid Murad were awarded the Nobel Prize in Physiology or Medicine for their discoveries concerning nitric oxide (NO) as a signalling molecule in the cardiovascular system. This discovery significantly expanded our understanding of the role of nitric oxide in the human body.
Nitric oxide is naturally produced by the body and plays an important role as a signalling molecule in many physiological processes. Its functions have therefore been the subject of scientific research worldwide for many years.

Flow

YOUR DAILY ENERGY RITUAL

Thank you for choosing every day to consciously support your well-being.

Why choose FLOW?

- ✓ Easy to prepare.
- ✓ Convenient sachets – perfect for work, travel, and workouts.
- ✓ Two Nature's Sunshine products combined in one drink.
- ✓ B vitamins and vitamin C contribute to normal energy-yielding metabolism and help reduce tiredness and fatigue.*
- ✓ Vitamin C contributes to the protection of cells from oxidative stress.*

*Health claims refer to the vitamins contained in the products in accordance with Regulation (EU) No 432/2012.
Food supplements should not be used as a substitute for a varied diet. A balanced diet and a healthy lifestyle are important.
